

Policy Name:	Samsca (tolvaptan)	Policy #:	2451P
---------------------	---------------------------	------------------	--------------

Purpose of the Policy

The purpose of this policy is to establish the criteria for coverage of Samsca and tolvaptan

Statement of the Policy

Health Alliance Medical Plans and Health Alliance Northwest will approve the use of Samsca and tolvaptan under the specialty pharmacy benefit when the following criteria have been met.

Criteria

1. Coverage Criteria for Treatment of Hypervolemic or Euvolemic Hyponatremia

- 1.1 Diagnosis of clinically significant high volume or normal volume low sodium levels indicated by low blood sodium (<125 mEq/L) or less severe low blood sodium with symptoms that cannot be corrected by fluid restriction
- 1.2 Treatment started in the hospital
- 1.3 Dosing will be limited so that the maximum increase in blood sodium levels is 12 mEq/L within 24 hours
- 1.4 Documentation that the member is not experiencing urine blockage
- 1.5 All strong CYP3A inhibitors will be discontinued
- 1.6 For brand Samsca, documented trial and failure of generic tolvaptan tablets.

2. Approval Period

- 2.1 One 30-day supply within 6 months

DISCLAIMER

This Medical Policy has been developed as a guide for determining medical necessity. The process of medical necessity review also entails review of the most recent literature and physician review. Medical Policy is not intended to dictate to providers how to practice medicine. Providers are expected to exercise their medical judgment in providing the most appropriate care. Health Alliance encourages input from providers when developing and implementing medical policies. Benefit determinations are based on applicable contract language in the member's Policy/ Subscription Certificate/ Summary Plan Description. This Medical Policy does not guarantee coverage. There may be a delay between the revision of this policy and the posting on the web. Please contact the Health Alliance Customer Service Department at 1-800-851-3379 for verification of coverage.
